

EAAP

European Federation of Animal Science

Dear all,

We are receiving many requests to **delay the deadlines** for the abstracts submission and for scholarships application for the annual meeting in Davos. We decided therefore to delay the deadline till **March 8th**. We trust that by delaying the deadline we offer more time to all potential authors to submit their abstracts and the scholarships application.

Looking forward to see you in Davos!

Andrea Rosati

(Secretary General)

EAAP - the European Federation of Animal Science
